

Dr. Doris Moody

Habitat for Humanity Milledgeville-Baldwin County
President

habitat: How many years have you served on HFHMBC board?

moody: I have served on the HFHMBC board for seven years. This is my fourth year as president, so I will be stepping down from my position after this year. I will serve in an advisory capacity after this year.

habitat: How did you first become involved with HFHMBC? Why did you choose to serve on the HFHMBC board?

moody: They used to have Habitours and they would get a group of people that they thought would be interested in Habitat and might potentially be good board members. They would give them lunch and drive them around, talk to them about Habitat and show them the Habitat homes. That is how I became interested in Habitat.

habitat: What do your responsibilities on the HFHMBC board entail?

moody: As president, I chair the board meetings and work with the executive director on matters that fall between meetings, help with fundraising and am an ex officio member of all the committees, so some of them I meet with and some of them, I do not meet with'.

habitat: What is the most rewarding part of being on the HFHMBC board for you?

moody: I've met some people on the board that I would have otherwise not have known that have become my good friends. Meeting some new people and getting to know some of the homeowners have been very inspirational for me.

habitat: What do you do in the community outside of HFHMBC?

moody: I live in Eatonton. I retired from Georgia College five years ago. I taught in the Biology department there for 25 years and then I directed the honors program for the last 11 years of my career. I retired at the end of 31 years of service and I loved every minute of it. I still stay in touch with a lot of the honors students. In Eatonton, I volunteer at the primary school once a week. I volunteer in the kindergarten classes because I have twin grandchildren in kindergarten. I'm on the Old School museum board in Eatonton.

habitat: What are some hobbies that you enjoy doing in your spare time?

moody: I love to cook, garden and read. Those are my three things that I enjoy the most.
